

About E-conference

As we are aware about the fact that currently world is suffering from Covid-19 pandemic. COVID-19 pandemic has affected various sectors due to lockdown. Amongst these, the education is hit hardest. Being the backbone of the country, it is important that to have exchange of ideas using available technologies. Hence the global scientific community must become a key player on scientific and technological innovations, not only to combat the COVID-19 emergency, but also to impart true education to the academia and industry across the globe. In the era of physical distancing, the present conference has chosen an e-platform for the scientific community to share their ideas and research by organizing a two day international E-Conference on foldscope and its applications. (INECFAIA-20) Conference will include Keynote lectures, Invited lectures, Oral presentations and Poster presentations.
